

1st. CITROËN XANTIA, 'TOWCAR OF THE YEAR.'

No one has ever pulled off such a resounding success at the Caravan Club Towcar of the Year awards.

As well as taking the ultimate accolade, the Xantia 1.9 Turbo Diesel VSX also won Diesel Towcar of the Year 1994. And as if that wasn't enough, Xantia went on to take top honours in the £11,501 - £16,000 and £16,001 - £20,000 classes.

Clearly the judges were impressed.

Xantia's unique self-levelling suspension ensures that the car stays level whatever the load, so whatever you're towing, all four wheels maintain optimum contact with the ground giving maximum control and stability.

from £11,150

The suspension is height adjustable too, so the rear of the car can be raised or lowered to make hitching, unhitching and loading a totally painless affair.

When it comes to pulling, all diesel and petrol engines provide tremendous power even at low engine speeds.

When it comes to stopping, all round power operated disc brakes, with ABS on many models, will ensure a controlled halt.

With credentials like these, it's no wonder Xantia left the competition trailing in its wake.
